IN BOSTON MARKET.

Butter Market Firm and Egg Prices Keep Well Up.

Boston, Sept. 22 .- There is a firm mar ket locally for fine butter, for the sup ply of that grade is no more than suffi cient to meet regular trade requirements; this is due in no small measure to the hot weather of last week, many marks that ordinarily grade "extra" falling to a lower classification because of weather defects. Below the best goods the market is over-supplied and prices are entirely in buyers' favor. The choese market is quieter than it has been, but Based on Failure to Vacate Factory the firmness of the primary markets sustains sellers' views on prices. HOW TO PREVENT ACID STOMACHS AUCTION

As a specialist who has spent many years the study and treatment of atomach trou- at public auction to the highest bidde bles, I have been forced to the conclusion that most people who complain of stomacl trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach and food fermentation causes wind, which distends the stomach abnormally, causing that full, bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these fore'gn elements—acid and wind, in all such cases—and they comprise over 90 per cent. of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisurated magnesis, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask the Barre Drug Company or any druggist for the bisurated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.

west, and the local kill continues to de crease, the total reported for the week by the local packers being 9,500 hogs, against 10,500 for the preceding week and 14,000 for the same week last year. Since Jan. 1, 1915, the total kill by Boston packers has been 787,500 against 700,500 for the same period in
